SUBJECT: Langaard request for comments on law proposal

By fax we will, before 1 PM, be sending an English translation of a Norwegian law proposal aiming at banning new tobacco and nicotine products in Norway.

Truls Johansen has asked PM for an input a.s.a.p. in order to give Langaard a position in upcoming NMA discussions.
The law proposal is right now circulating for comments by various organizations. The deadline for comments to the Ministry of Health and Social Affairs is August 23rd 1989.

Regards,

Stig
